

2022 UCSC Elections – SUA Constitutional Amendment Results

SUA Constitutional Amendment [undergraduate]

This amendment to the SUA Constitution balances the lopsided power dynamics within the SUA to allow for an equal distribution of power between colleges, student organizations, and the students at large. A dedicated Transfer Student Representative and Students with Disabilities Representative are added. Additional refinements are made to the SUA Judicial Council, Officer Recall Procedures, and mechanisms for how conflicts of interest are addressed in the space. Further, content is reorganized in Articles II and III for clarity and ease of reading. Several additional changes are elaborated upon in the Guide document following this statement.

A vote of YES is a vote in favor of adopting this amendment effective immediately. A vote of NO is a vote against the adoption of this amendment.
